

# Reset an Apple TV with Configurator

Resetting Apple TV through Apple Configurator

Apple TV has to be hooked up to a monitor or tv so you can see the Apple TV screen through HDMI, Ethernet, Power, USB-C cable, and you need the remote control.  
IJ1ImuoEiT1-IgH0Oq-cL6V95L7XHP\_NnXeDkMHXreA'

In order for this to work you have to allow accessories to connect on your Macbook once this is set you can skip these steps.

On MacBooks Settings  
LvqigflFAKos\_Ed9Mzb4zRoH1e-x

Find Privacy and Security

fCMQsbavlgwnNq2IWW55SdLDkAkb2snnuzkyHo1

Find Allow Accessories to Connect- make sure it is set to Always  
3uGLwqwAlk0cgFhrL33iRQ4RKdIOkonI\_pRrTdaEEPvTs3RgiHRZ5RWxl

Connect USB-C Cable to Macbook and Open Apple Configurator.

Put Apple TV in DFU Mode:

[Apple TV-DFU Mode](#)

Right Click on Apple TV in Apple Configurator and Select Restore  
QcrLzeNELR6m9tu22bG9I\_vXXhUVIavECKQPh-6B.

Select Restore

hus\_Zlf4kLFxXsEmGJpre5fd3dFiNLpITYnxt09yL

If restore fails through Apple Configurator- use iTunes to restore.  
8MM4u2oI8MudgU5z4d9xTzSIMfrSU7\_wCHiGnxn\_x

If it fails restoring through iTunes use Apple Configurator. If it has failed both bring to bench repair. Bring Apple TV and remote.
