Use another account

To continue, Google will share your name, email address, language preference, and profile picture with avaya.com. Before using this app, you can review [avaya.com's privacy policy](#) and [terms of service](#).

4. The first time you sign in, it may ask you for permissions to use your Google Account. Click **Allow** on these options.
5. Once you are signed in, you will receive a prompt to Open the Avaya Cloud Office App

Signing you in to Avaya Cloud

The app should open in a few seconds. If not, click the Open Avaya Cloud button.

Open Avaya Cloud

6. After you do this, you should be signed into the Avaya Cloud Office Software and can use your phone from your computer.
