These directions will ONLY work for iPad Passcode purpose

- Do not worry about device names listed. Some may not list the asset tag, and that's not a problem.

3. Click +Filter under Device enrollment

4. Click the, "Search by Serial Number," dropdown and change it to, "Search by Asset Tag."

5. Type in or scan the asset tag

NOTE: Type the whole asset tag, not just the numbers at the end

6. Click on the device name (asset tag number). Make sure the correct student name is listed.

	Device Name	Tags	Asset Tag	Serial Number	OS	Battery	HD
