

How Staff Log in and use Mosyle

Step 1. Click the Finder icon  in the Dock at the bottom of the screen, and open Applications and then click on **Manager**. This is for Mosyle Manager.

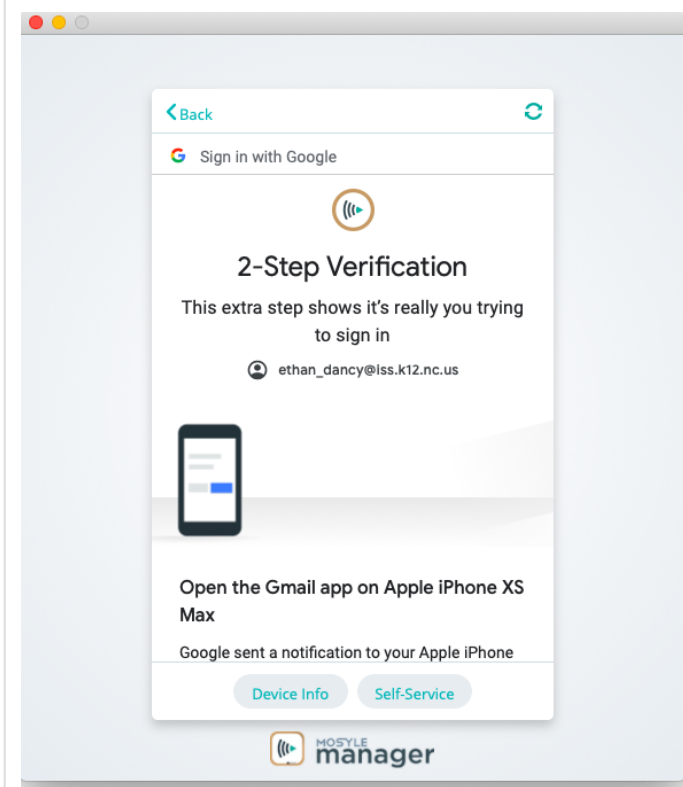

Step 2. You will then see a prompt similar to the one below, you will then enter your full ISS Email address and then click sign in.

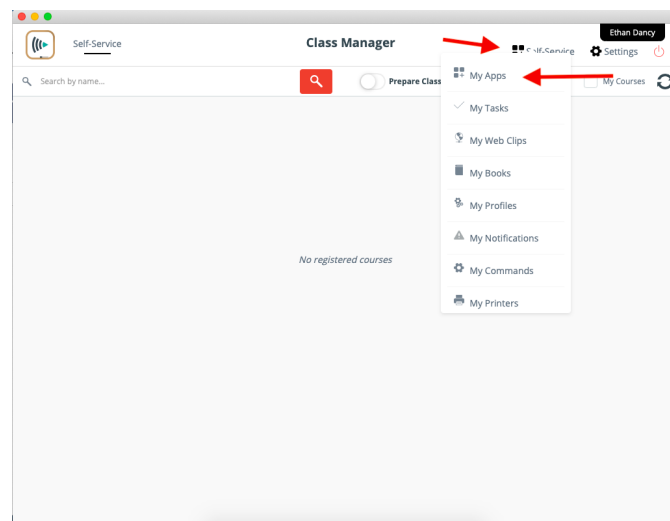

Step 3. You will now see a screen that has your email address entered. You will then need to ensure your email address is correct, and then click enter, and then enter your password again.

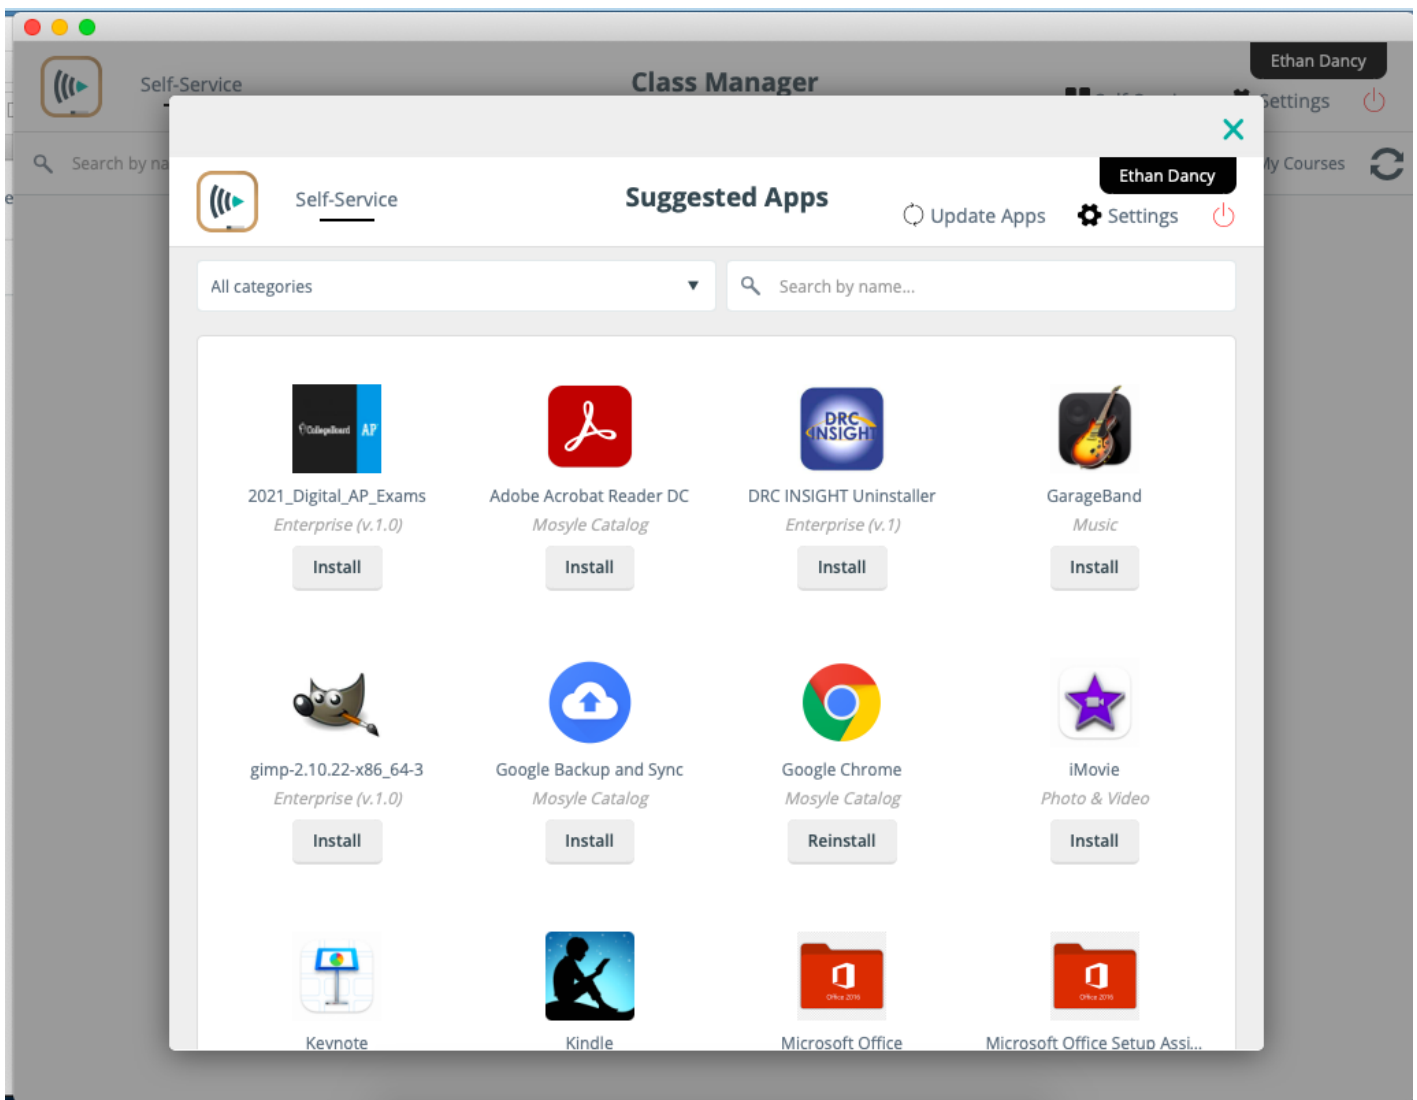

It will now prompt you for your two factor verification from Gmail.

You will now want to click on **Self Service** in the top right, and then click on **My Apps**

This is where you will install all of your applications that you need on your device. You can choose as many or as few as you need.
