

How to connect to promethean active panel

1. On the ActivPanel:

- Launch Screen Share: Navigate to the Screen Share application on your ActivPanel. This might involve using the unified menu, quick launcher, or the applications locker depending on your ActivPanel model.
-
- Panel ID: Note the 6-digit Panel ID displayed on the ActivPanel Screen Share app.
-
- Waiting Room: Tap the people icon (or similar) to access the Waiting Room, where connected devices will appear.
-

2. On Your Device (e.g., Chromebook, Laptop, Tablet):

- Download and Launch: Download and launch the appropriate Promethean Screen Share app or extension (e.g., Chrome extension, myPromethean mobile app).
-
- Enter Details: Enter the Panel ID from the ActivPanel and your name.
-
- Enter Waiting Room: Click or tap "Enter Waiting Room".
-
- Select Content: Choose which window, tab, or entire screen to share. You may also choose to share audio.
-
- Share: Click or tap "Share".
-

3. Back on the ActivPanel:

- Waiting Room: The teacher will see your device's name in the Waiting Room.
-
- Select and Share: The teacher can tap your device's name to share your screen.
-
- Multiple Screens: The teacher can share up to four screens simultaneously.
-

4. To Stop Sharing:

- On Your Device: You can choose "Stop Sharing Screen".
- On the ActivPanel: The teacher can return to the Waiting Room and click the "X" next to your name to end the sharing.
